... [redacted] were present at the abbreviated showing of the film on [redacted] which was run off on Saturday morning, 10 March. Present were Mr. Dulles, General Cabell, Colonel White, Messrs. Lloyd and Amory, and General Truscott, and various lesser celebrities. The film was enthusiastically received by all. Mr. Dulles picked up several [redacted] aspect which had not been noticed by anybody previously. DD/S wants his chiefs to see the next showing and then determine how many people in DD/S will need to see it. Mr. Amory asked us to do a film on [redacted] for him. [redacted] thinks this can be done without t25X1 much trouble. Mr. Dulles thinks it would be fine to show to the Congressmen when we entertain them.

2. Chatted with [redacted] for a while. He is interested in an OTR job but he really feels that his own career planning call for a Headquarters desk assignment at this time. He is going on home-leave and will contact us upon his return. If he doesn't find the kind of Headquarters assignment he wants, he will definitely consider coming with us for an instructor assignment [redacted].
3. I normally spend all day Saturday wading through paper which accumulates during the week. ^{The} number of incoming Fitness Reports has been unusually heavy recently. Last Saturday I reviewed 19 Fitness Reports which were only part of those coming in during the week.

4. I attended a meeting of the Admin Career Board. For the most part, this was rather a tiresome meeting and lasted a long time. The reorganization is not progressing significantly. Action on [] came up at the end of the meeting and was deferred for two weeks. Apparently what DD/S wants is for some Admin career designee to go to the Office of Personnel in exchange for [], a Personnel man going into an Admin job. 25X1

5. I had a call from DCI's office regarding the cable from [] Got in touch with FE Division. [] came over to consult about [] qualifications for the job. They were dubious about him and needed more information. They talked to [] [] who gave them additional names to consider in terms of their particular requirement. They will prepare a reply for DCI. 25X1 25X1
